VAL D'ORCIA: MONTALCINO-SAN GIOVANNI D'ASSO. Nestled in the rolling hills where the Val d'Orcia meets the Crete Sienesi. this distinguished organic farm enjoys a privileged hilltop position with breathtaking 360-degree panoramic views over one of the Tuscany's mpt iconic landscapes. The property extends over approximately 26 hectares of land with a total of around 850sq.m of farm-related buildings including agriturismo, cellar and agricoltural strage facilties.
MAIN BUILDING (AGRITURISMO – approximately 500sq.m). The house, originally a parish house serving the local church, dates back to the 17th century. Between 1995 and 2000 it underwent a careful and respectful restoration that enhanced its structural and funcional systems while preserving its authentic historical features such as exposed wooden beams and traditional terracotta floors. The building is currently divided into 4 apartments, each with kitchen, bedroom and bathroom, along with two additional independent bedrooms with en-suite bathrooms (total accommodation capacity: 17 beds). Each unit is equipped with independent heating and cooling system (heat pump or gas heating) allowing separate metering and efficient energy managament. The house also includes: a shared lounge used for breakfast service , storage areas and laundry room. Outside, apprixmately 1 hectare of landscaped garden surrounds the house and hosts a stunning panoramic swimming pool (13x7mt) overlooking the countryside.
WINERY/CELLAR (approximately 280 sq.m). The cellar is spread over two floors. The basement floor (150 sq.m – 4.00 mt height) is used for winemaking and storage area, including a bathroom; the upper floor (130sq.m) houses a spacious tasting and reception area, bathroom, study room/small bedroom, a mezzanine floor, and ancillary spaces This floor boasts a 70sq.m panoramic terrace and a 13sq.m covered terrace , ideal for tastings, hospitality and events.
AGRICOLTURAL SHED (approximately 240sq.m) A dedicated agricoltural building used for the storage of machinery and farm veichles shelter. A 10.46 kw photovoltaic system installed on the roof directly supplies the agriturismo,contributing to the overall sustainability and reduced operating costst of the estate
